

Newman Monograph

A much-admired monograph by Eric P. Newman, "The 1776 Continental Currency Coinage and Varieties of the Fugio Cent," is being offered in reprint form by Sanford J. Durst of New York. The monograph, out of print for a number of years, is a thorough, well-illustrated study of this nation's earliest coinage. The softcover 24-page reprint is available for \$6 postpaid from the publisher, Sanford J. Durst, 170 East 61st St., New York, N.Y. 10021. ■

Dear Eric —

It was fun to be reminded
of you through "a much-admired
monograph." It doesn't sound as
though it would produce you a
fortune, but I wish it would.

My best wishes to you and
your conferees.

Yours,

Bob Wales

Dear Bob:

It was most thoughtful of you to write to me about the reprint of one of my writings published 30 years ago, and now republished. The republisher acquired the rights from my original publisher and my benefits from it consist of 2 free copies of the reprint and the publicity. I am still writing.

I think of you often and wonder whether you are wandering down to Tobago or somewhere else. I still work full time, as does my wife. Our team at the company continues their retail store operations with all the satisfactions and problems of business.

Thank you again for writing. I look forward to our paths crossing again.

Cordially,
